VERNA BELLE DONOVAN

Born November 1, 1902. Commercial Course; School Play (4); Junior Reading (3); Essay at Graduation

Everyone likes Verna. Why? Well, just because she's Verna. Look at her. Wouldn't you like a girl who possesses the best of natures, and is one of the best of sports ever, and besides that—well ask someone "If she be pleasant to look on." Verna is always doing something; oh, no, not necessarily her lessons, for sometimes people wonder if she ever takes anything besides "Education," or maybe "Co-Education."
