Here's a boy that was not known to many of his classmates during the first two years. But we know you now, "Ez!" And we have to take off our hats to you when it comes to giving current events and incidentally we admit that you are no slouch as a "co-eder." How about it "Netta?"

Ezra holds many responsible positions including that of president of the Senior class. He will always be an honor man to his classmates and a model for conduct in school (?). Well, we wish you success and if cupid does not step in we know you will make your mark in the professional world.
