

*William McCarroll*

My name is William McCarroll A.K.A. "Trooper". I'm with the 2nd Armored Cavalry Regiment second squadron stationed presently in Bamberg, Germany. My MOS is a Mechanic working on Howitzer 155mm Self Propelled. I will be in the service for 4 years Active Duty. I was deployed to Saudi Arabia December 4, 1990. Upon arrival we set up base approx. 80 kilometers from the Iraq border. We were the Artillery battery for 212 ACR suppling artillery rounds during the ground war. I and 10 others kept the 155 Howitzer's battle ready at all times while in Saudi Arabia, Iraq, and Kuwait. While on manuevers we picked up 8 P.O.W.'s to take to the American P.O.W. camp. On April 22nd, 1991 I was redeployed to Germany. I would like to extend my heart felt thanks to the people of Jonesport & Beals for my warm welcome home. God bless and thanks again.
